STAT

[redacted]

At our [redacted] Meeting yesterday, we adopted a minute expressing our deep feeling of loss and our appreciation of the services Fred had rendered to the Government during critical days. To all of us, of course, Fred's death was a great shock. In the short time I had come to know him, I had gained a great admiration for his qualities of mind and of heart, and had a particular satisfaction in working with him.

I recall our dinner together [redacted]
[redacted] when Fred seemed so alive and buoyant.
It is hard to realize that he is gone.
